

# REVISTA ELECTRONICA DE CIRUGIA UCM

## Quinto número

Estimados colegas:

Con este número recogemos la actividad desarrollada en el segundo cuatrimestre del presente año. En este caso hemos constatado un aumento notable en el volumen de la producción científica publicada respecto a los cuatrimestres previos, motivo por el que os debemos felicitar. Como en los números previos, hemos contado , además de con las publicaciones remitidas por autores, también con el resultado de una revisión sistemática de la producción científica en cirugía de los centros adscritos a nuestra Universidad.

De nuevo agradecer vuestra ayuda, e instaros a que procuréis hacer figurar el nombre de la Universidad Complutense y/o el Departamento de Cirugía al que pertenecemos.

Si detectáis errores u omisiones de vuestras publicaciones, no dudéis en poneros en contacto con la revista, para así subsanarlos tan pronto como sea posible. Por otro lado el comité editorial está abierto a vuestras sugerencias y observaciones.

Recibid un saludo y nuestro agradecimiento por vuestra colaboración.

El comité editorial de la Revista Electrónica de Cirugía de la Universidad Complutense de Madrid.
