

ST 536 Training School – Lanzarote

Sunday October 26th

13:00 Lunch

15:00 Introduction to COST 536 activities and Microstructural Stability J. Hald
16:00 Practical aspects of creep and oxidation resistance T. Fry
17:00 Coffee Break
17:30 Coatings in steam power plants A. Agüero

20:30 Dinner

Monday October 27th

8:30 Diffusional processes in metals J.Philibert
10:30 Coffee Break
11:00 Diffusional processes in oxides J. Ågren

13:00 Lunch

15:00 Creep strength of ferritic-martensitic steels J. Hald
16:00 Materials requirements for high temperature applications H. Mayer
17:00 Coffee Break
18:00 Microstructural evolution during production – General Principles P. Mayr

21:00 Dinner

Tuesday October 28th

8:30 Castings R.Hanus
9:30 Forgings B. Donth
10:30 Coffee Break
11:00 Welding P. Mayr
12:00 Pipework S. Caminada

13:00 Lunch

15:00 Working group sessions on selected subjects All
(Including coffee)
17:30 Closing Remarks
