CONCEPT ART AWARDS
JURADO 2024

Mel Cummings

Following her love for custom vehicles, Mel was originally pursuing a career as a transport designer. After a revelation in the university library in 2019, her eyes were opened to the world of concept art. Inspired by the works of Syd Mead, Scott Robertson and Daniel Simon, she completed her degree and went on to pursue a career as a concept artist. She has spent the last 8 years working as a freelance concept artist specializing in vehicles, props and hard surface objects. During this time she has contributed to a wide range of titles including Apex Legends and Marvel's Secret Invasion.

Alongside her concept art work, Mel is devoted to encouraging, empowering and educating the next generation of concept artists. She does this through mentoring, university lecturing and speaking at various events across the UK.

When she's not creating concept art, you can find Mel hiking with friends, experimenting in the kitchen and being chased by the family dog.
