Rona Liu

CONCEPT ART AWARDS
JURADO 2023

Rona Liu began at Pixar Animation Studios in June of 2011 as a sketch and shading artist in the Art department, responsible for designing the colors and textures that go on characters, environments and props in a film. Since joining the studio, Liu has worked on “Finding Dory” and "Coco". She was the production designer for the short film “BAO,” which won the Academy Award® for “Best Animated Short.” Liu recently production designed Pixar’s feature film “Turning Red”.
