CROSS-CURRICULAR AND ICT **ACTIVITIES FOR THE BILINGUAL** **PRIMARY CLASSROOM**

Facultad de Educación
UCM
October 25 & 26, 2016

This two-day workshop is part of the UCM Innovation Project: Innova-Docencia, no. 10, entitled "Initial Teacher Education for CLIL: A cross-curricular approach with ICT support". This is our third workshop on the topic at the School of Education and it is open to everyone.

Aims of the workshop:

This workshop will focus on the following objectives:

- 1) To bridge the gap between university and primary classrooms and become more familiar with the bilingual school context through teacher experiences.
- 2) To grasp a fuller understanding of the CLIL approach through the analysis of different cross-curricular resources and materials with ICT support, in order to improve the teaching/learning process in the bilingual classroom.

Contents:

Participants will have the chance to attend talks by practicing primary school teachers along with in-service and pre-service teacher education specialists. Educational experiences, materials, resources, activities and techniques will be presented to encourage the use of ICT resources in the bilingual primary classroom.

Program:

TUESDAY 25 OCT	WEDNESDAY 26 OCT
