School of Education
UCM
November 5 & 6, 2018

This two-day workshop is part of the UCM Teaching Innovation Project: Innova-Docencia, no. 32, entitled “Initial Teacher Education for the CLIL Primary Classroom: A Cross-curricular approach to gender awareness and education”. This is our project's fifth workshop at the School of Education and it is open to everyone

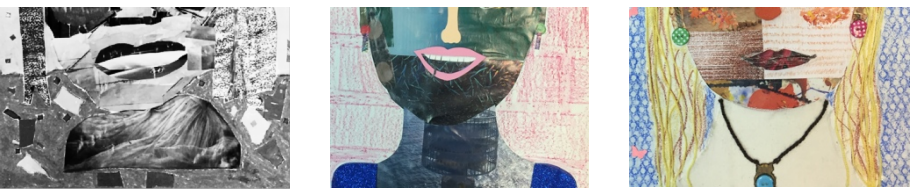

Aims of the workshop:

This workshop will focus on the following objectives:

- To bridge the gap between university and primary classrooms and become more familiar with the bilingual school context through teacher experiences.
- To grasp a fuller understanding of the CLIL approach through the analysis of different cross-curricular resources and materials in order to develop gender equality in the classroom.

Participants will have the chance to attend talks by practicing primary school teachers along with in-service and pre-service teacher education specialists. Educational experiences, materials, resources, activities and techniques will be presented to develop gender awareness in the bilingual primary classroom.
