

## **PUBLICACIONES**

**Belén Patiño, Amaia González-Salgado, M. Teresa González-Jaén and Covadonga Vázquez.**

PCR detection assays for the ochratoxin-producing *Aspergillus carbonarius* and *Aspergillus ochraceus* species. International Journal of Food Microbiology 104: 207-214. 2005

**Elena López-Errasquín, M.Teresa González-Jaén, Carmen Callejas and Covadonga Vázquez.**

A novel MFS transporter encoding gene in *Fusarium verticillioides* probably involved in iron-siderophore transport. Mycological Research 110: 1102-1110. 2006

**M. Jurado; C. Vázquez; S. Marín; V. Sanchis and M.T. González-Jaén**

PCR based strategy to detect contamination with mycotoxigenic *Fusarium* species in maize. Systematic and Applied Microbiology 29: 681-689. 2006

**Jurado, M., Vázquez, C., Callejas, C., González-Jaén, M.T.**

Occurrence and variability of mycotoxigenic *Fusarium* species associated to wheat and maize in the South West of Spain. Mycotoxin Research 22 (2): 87-91. 2006

**López-Errasquín, E., Vázquez, C., Jiménez, M., González-Jaén.**

Real-Time RT-PCR Assay to Quantify the Expresión of *fum1* and *fum19* Genes from the Fumonisin-Producing *Fusarium verticillioides*. Journal of Microbiological Methods 68: 312-317 (2007)
