

Every year, the Amgen Scholars Program provides 240 selected undergraduate students with the opportunity to engage in a hands-on research experience at many of Europe, USA, and Asia's premier educational institutions - posted on [Trialect](#) . Eligible students enrolled at colleges and universities throughout the world may apply. Stipend, Housing and round-trip travel costs are covered and the amount depends on the host University. Depending up on where you live, you can apply to the following programs:

[Amgen Scholars Europe](#)
[Amgen Scholars USA](#)
[Amgen Scholars Worldwide](#)

We appreciate if you can refer medical students and undergraduate students in life sciences to these programs.

Best regards,
Sandra
