

# REVISTA ELECTRONICA DE CIRUGIA UCM

## Séptimo número

Estimados colegas:

Con este número recogemos la actividad desarrollada en el primer cuatrimestre de este año. Como en los números previos, hemos contado , además de con las publicaciones remitidas por autores, también con el resultado de una revisión sistemática de la producción científica en cirugía de los centros adscritos a nuestra Universidad.

De nuevo agradecer vuestra ayuda, e instaros a que procuréis hacer figurar el nombre de la Universidad Complutense y/o el Departamento de Cirugía al que pertenecemos.

Si detectáis errores u omisiones de vuestras publicaciones, no dudéis en poneros en contacto con la revista, para así subsanarlos tan pronto como sea posible. Por otro lado el comité editorial está abierto a vuestras sugerencias y observaciones. Esta revista puede ser además, un medio para publicitar la actividad científica que esté previsto desarrollar en cada uno de los hospitales de la Universidad Complutense. Para este fin, únicamente debéis enviarnos los datos correspondientes.

La publicación de artículos de revisión, innovación e historia de la medicina, también tiene un lugar destacado que procuraremos que esté presente en futuros números.

Recibid un saludo y nuestro agradecimiento por vuestra colaboración.

El comité editorial de la Revista Electrónica de Cirugía de la Universidad Complutense de Madrid.
