

Focus on the Person:
Study and Work
at KSFH

About us

Who we are...

KSFH is a nationally and internationally renowned University of Applied Sciences with programs in social work, care management and pedagogical professions. Our degree programs are founded in a Christian world view.

Between Faith and Science

Self-concept as a religion-based university

The university tries to find a balance in the dynamic interplay of faith and science.

The christian idea of mankind is the central foundation for scientific yet practice-based teaching and research.

We provide a valuable contribution to social justice and societal equilibrium with our studies in the fields of social work, care sciences, and charities.

Munich Campus

Green Island in the Heart of Munich

„A unique mix of professionalism in an idillic setting“

Benediktbeuern Campus

Studying in the pristine
country side

„When you first enter the
the campus in the Monestary
of Benediktbeuern, you wish
you could come here to
study.“

About us

Dedicated and professional support

With our 53 professors, 56 administrative staff members, and more than 300 adjunct instructors, we offer a dedicated and professional support to our students.

International Focus

- We actively support mobility and exchange programs for our students, professors, and staff.
- We participate in international research.

Our partner institutions are located throughout the world:

Danmark – Finland – France – Netherlands – Italy –
Croatia - USA – Sweden – Switzerland – Slovenia –
Spain – South Africa – Turkey – Hungary

About us

Well-founded and practice-oriented studies

We offer our approximately 2000 students a practice-oriented study program at our two campus locations in Munich and Benediktbeuern.

Our Departments

The KSFH is organized into three departments:

- Department of Social Work Benediktbeuern
- Department of Social Work Munich
- Department of Care Sciences

Our Programs

Bachelor programs

- Social Work (Full-time and part-time options)
- Care management
- Care pedagogy
- *Care dual*
- Childhood education

Certificate programs

- Theology
- Outdoor and environment education

Bachelor in Social Work

Social work and professional methods

„Those studying social work at KSFH are interested in assuming social responsibility and actively partaking in the societal discourse.“

Bachelor in Childhood Education

The professionals for the field of day care

This Bachelor enables educators to deepen their understanding and knowledge while working in the field.

Bachelor in Care Management

A different style of leadership...

Future managers learn more than what is needed for direct care...

Bachelor in Care Pedagogy

A different way of teaching...

This program is founded in a view of humankind that is strongly influenced by anthropology and ethics. Our future teachers pass this worldview on to their students.

Bachelor in Care *dual*

The future belongs to care with a human touch

The program in care dual prepares students by combining academic studies with a hands-on training in care.

Profession and Religion

The Certificate in Theology (TZ) supports students in:

- Findings answers to fundamental questions regarding life and to base their professional work in a christian context
- Reflecting on personal experiences
- Grapling with the fundamental questions of being in the community of other students.

Adventure and Nature

Certificate in Environment and Outdoor Education (EPZ)

- Using outdoor education methods in social work
- Experiencing sports, nature, pedagogy and ecology.
- Methodes that require little resources and can be applied in many settings.

Our Master Programs

Consecutive Master Program

- Applied social and education sciences
- Management of social and health care facilities

Continuing Education Master Programs

- Social Work
- Substance Abuse and Therapy (in cooperation with KatHO NRW)
- Pastoral Care
- Palliative Care (in planning)

Our Master Programs

Opening new pathways with a Master degree

With their master degree, students become qualified for higher level career and leadership positions.
