Summary CV

Ph.Degree (Cum Laude) in International Economics and Development, Complutense University of Madrid (UCM) (2009), revalidated by the Federal Fluminense University (UFF) in 2014, becoming the equivalent of a Ph.D. in Economics, and enabling the exercise of profession throughout Brazil. Also, holds a Degree in Economics, Actuarial and Finance Sciences (1990), UCM.

Since 2014 exerts its teaching and academic activity as Visiting Professor at Universidade Federal do Espírito Santo (UFES) at Post-Graduate Program in Social Policy. (Vitoria, Brazil); While retaining its links with the Complutense University of Madrid, because few months later he was appointed Honorary Senior Lecturer of the Department of International Economics and Development, Faculty of Economics and Business Administration. UCM.

Between 2010 and 2014 he was Associate Professor of the Department of Applied Economics, teaching, among others, the subject "Global Political Economy: Underdevelopment Economies" in the Master of Economics.

In addition, he has participated in several projects and research stays. Between 2010 and 2013 he completed three academic research resorts as a Visiting Researcher at the "Institute of Economic Research of National Autonomy University of Mexico" (IIEc-UNAM).

His research interests focus on the impacts of globalization and financial crises on labor markets and social policies, mainly in Europe and Latin America.

He is also a regular contributor to various magazines, newspapers and television in Latin America.

Prior to his academic work, he developed an extensive career in the financial sector in Europe and Latin America.
