 - Oferta postdoctoral en Leiden (Holanda): Macrophage metabolism in the context of Type 2 immunity. <https://www.lumc.nl/over-het-lumc/werken-bij/overzicht/Postdoc-Fellow-Immunometabolisme?setlanguage=English&setcountry=en>
 - **Post-doctoral position** Applications are welcome for a postdoctoral position on the mechanics of tumor infiltrating lymphocytes. The project is mainly experimental, will begin early 2020, and is funded by a Bettencourt-Schueller Biomedical Engineering Seed Grant for one year that might be extended another year. The project will be conducted in a large part in the Hydrodynamics Laboratory, Ecole polytechnique (Palaiseau, France) with tight interactions with Institut Curie (Paris, France).
