## ABOUT BATH CITY

Bath may well be the perfect student city in England. Not too big, not too small. Exciting and creative, but also safe and easy to explore - it's no wonder it has such a vibrant student population!

### A creative hub

Bath is a major player in the South West of England and is part of a fast-moving creative and technology cluster which includes gaming, app and software development, animation, marketing, TV, publishing, and much more.

### Festivals and sports

From the Romans to Jane Austen, children's literature to avant garde film - not to mention nearby Stonehenge - there's something for every interest here. There's also a thriving sports scene with Bath Rugby's international stars, Bath City Football Club, and Bath Races.
