

Hi! We are the

Campus and Environment Unit

and we are here to make your Erasmus experience more sustainable and fun!

The Campus and Environment Unit supports the **Vice-Rectorate of Technology and Sustainability** of the Universidad Complutense.

We are responsible for the innovation in energy efficiency, as well as issues related to the **2030 Agenda** and the **Sustainable Development Goals**.

Our current **work areas** are Ecosystem Services on Campus, Waste Management and Circular Economy, Education, Decarbonization, Sustainable Mobility, Awareness Rising, Cooperation Projects, Implementation of the SDGs and Sustainability Indicators.

What can we offer to improve your Erasmus experience in the Universidad Complutense?

- **Free courses**
- **Enviromental Volunteering Program**
- **Information and Guidance**

Would you like to join us?

Education

Free, theoretical-**practical** courses in specific areas regarding environmental issues and sustainability. The courses follow a methodology focused on **teamwork**, and aim to encourage students to get involved in different supervised projects, within the UCM campuses.

Our courses take place in the **Botanical Garden**, the **orchards** and different faculties. Get to know the Complutense University, make new friends, learn spanish, and be part of an **enviromentaly engaged community!**

Some of our currently open courses:

- **Composting**
- **Agrifood-waste: sustainable valorization focused on food and health**
- **Agroecology and ecosocial education (Spring-Summer season)**
- **Spring in the Cantarranas orchard**

Learn how to obtain your own essential oils, enjoy the arrival of summer in the university orchards and much more!

Discover all our available courses in our website!

Enviromental Volunteering Program

In alliance with Voluntariado UCM, we launched our new Complutense Environmental Volunteering program, aimed at promoting voluntary actions for the **care and conservation of the Environment** on our campuses.

The program starts with four areas of voluntary action: **biodiversity; sustainable mobility; circularity and waste management and responsible consumption**. We want the volunteering program to have your contributions, for you to participate in its creation.

Volunteer with us and join the green change of the Complutense University!

Welcome to Madrid! We hope you enjoy the city!

Here is some important information to make your stay more sustainable:

We have **FIVE** different kinds of dumpsters in Madrid.

BROWN is for organic waste, **YELLOW** is for any kind of packaging, **GREEN** is for glass, **BLUE** is for paper and cardboard and **ORANGE** is for non recyclable waste.
