

The NEWSERA Project Coordinator,
Rosa Arias, certifies that

Geovacui

has been selected to participate in the NEWSERA #CitSciComm Lab addressed to policy makers.

Citizen Science Projects involved in the **#CitSciComm Labs** are committed to start a win-win journey based on mutual collaboration that will last for the following two years. We will work together to increase the effectiveness of your science communication strategies to reach your target audience and eventually increase your project outreach.

This certificate is seated by Science for Change, SL, in representation of the NEWSERA consortium on the **13th of November 2020**.

We are delighted to have you on board!
