Manuel G. Velarde
Roman Yu. Tarakanov
Alexey V. Marchenko *Editors*

The Ocean in Motion

Circulation, Waves, Polar Oceanography

 Springer

Volume 521, 20 May 2017

ISSN 0927-7757

An International Journal

COLLOIDS AND SURFACES A

**Physicochemical and
Engineering Aspects**

Special Issue

Dynamics of wetting by surfactant solutions

Edited by

Nina M. Kovalchuk, Reinhard Miller
and Manuel G. Velarde

www.elsevier.com/locate/colsurfa

Recognized by European Physical Society

Special Topics

Manuel G. Velarde (Ed.)

Discussion and Debate:

Wetting and Spreading Science - *quo vadis?*

Dynamics of wetting and Kramers' theory (p. 252)

T.D. Blake and J. De Coninck

Volumes 134–135, October 31, 2007
Completing Volumes 134–135

ISSN: 0001-8686

Advances in **COLLOID and INTERFACE SCIENCE**

SPECIAL ISSUE

Surface forces: wetting phenomena, membrane separation, rheology
Topical issue in honour of Victor M. Starov

Edited By

Manuel G. Velarde
Instituto Pluridisciplinar
Universidad Complutense de Madrid
Spain
