

Predocctoral Contract at CNIC

Scientific Program on “Cardiovascular risk factors and cognitive function”

We are seeking a **highly motivated candidate** who wants to start a scientific career **to do the PhD in the context of a collaborative project led by research groups affiliated to the new Scientific Program on “Cardiovascular risk factors and cognitive function” at CNIC.** We offer incorporation to CNIC via a Predocctoral contract ([2021 call](#)) linked to the Severo Ochoa Center of Excellence program. Additional information on these research groups and their work can be found by clicking the links below:

- [Multidisciplinary Translational Cardiovascular Research \(MTCR\)](#)
- [Cardiovascular Imaging and Population Studies](#)
- [Regulatory Molecules of Inflammatory Processes](#)
- [Neurovascular Pathophysiology](#)
- [Gene regulation in Cardiovascular Remodelling and Inflammation](#)
- [Stress kinases in Diabetes, Cancer and Cardiovascular Disease](#)

ELEGIBILITY CRITERIA

- This call is open to applicants from **all nationalities** holding a **Master’s degree** in Biomedical Sciences and an **academic record with average grade over 7.5** (out of 10)
- An **excellent academic record** and **previous research experience** during their undergraduate period will be valued very positively.
- **Authorship of publications** in indexed journals will be valued positively.
- Candidates must have a **solid working knowledge of English**

- If you are interested, please send your **CV, academic record, a letter of interest and contact details of previous references** to M^a Ángeles Moro (mariaangeles.moro@cnic.es) **indicating in the subject: FPISO2021 no later than November 11th 2021.**
- Interested candidates will **also need to apply officially through the official governmental application** for this predoctoral program (additional information [here](#).) and select the project: CEX2020-001041-S-21-5 CARDIOVASCULAR RISK FACTORS & COGNITIVE FUNCTION (Investigador Principal: M^a Ángeles Moro Sánchez) during the application process.
