

Nombre: María Victoria Cabañas Criado

Email: vcabanas@ucm.es

Teléfono de contacto: +34 913941789

Posición y cargo: Profesora Titular de Universidad

Grupo de Investigación: Miembro Grupo de Investigación Biomateriales Inteligentes (GIBI)

Docencia: Grado en Farmacia, Doble Grado en Farmacia y Nutrición Humana y Dietética y Máster interuniversitario en Biomateriales

Área de Conocimiento: Química Inorgánica

SCOPUS: 7003566248, **ORCID:** 0000-0002-4753-5665, **Researcher ID:** G-8740-2015.

Biography: M. Victoria Cabañas studied Chemistry at the University Complutense of Madrid (UCM) and received her PhD degree at the same University in 1992, on the field of magnetic materials. She worked in the Laboratoire de Cristallographie, CNRS, and Laboratoire de Materiaux et du Genie Physique, INPG, (Grenoble, France) and as well in the Department of Chemistry, at Buffalo University (New York, USA) during her PhD and as a postdoc. She is Associate Professor in the Department of Chemistry in Pharmaceutical Sciences (Inorganic Chemistry) of the Faculty of Pharmacy (UCM). Her research interests are focused in the development of materials for biomedical applications, with special interest on bone tissue regeneration and drug delivery systems.

Research Interest: Materials, Bioceramics, Scaffolds, Bone Tissue Engineering, Drug Delivery Systems
