

**Nombre:** Cristina Coronel Gonzalo

**Email:** ccoronel@farm.ucm.es

**Teléfono de contacto:** +34-913941756

**Posición y cargo:** Profesor asociado (4 + 4)

**Grupo de Investigación:** Heterociclos de interés biológico y terapéutico (BIOHET)

**Docencia:** Grado en Farmacia, Grado en Ciencia y Tecnología de Alimentos, Master en Análisis Sanitarios

**Área de Conocimiento:** Química Analítica

**SCOPUS: ORCID: Researcher ID:**

[Web](#)

**Biography:** Cristina Coronel obtained her Grade in Pharmacy in 1984 and her Ms. In Pharmacy in 1985. She completed her postgraduate period with the courses intended to obtain the specialist title from the Spanish Government in "Clinical Analysis" (1989) and "Drugs and Medicines Analyses and Control" (2002).

She is working since 1990 as specialist "responsible of area" in MEGALAG (EUROFINS-Megalab since 2016, september), a laboratory devoted to health and sanitary analyses.

She is teaching Analytical Chemistry in the Faculty of Pharmacy at the UCM since 1993 with partial time contract as Associate (Profesor Asociado)

**Research Interest:** Development and validation of analytical techniques and assays of clinically relevant parameters in biological samples.
